Ku Lani – Standing in Heaven – Gorgeous – View from Lanai

For a full set of photos, scroll to the bottom of this document

Ku Lani Location: 3780 Edward Rd, Princeville, North Shore, Kauai, Hawaii, USA

Accommodations: Luxury Ocean Front Condo, 2 Bedrooms, 2 Baths, Sleeps 4, 1100 sq ft

There are only a few vacation rental properties on Kauai with truly majestic 180 degree ocean views. Ku Lani is one of them. In Hawaiian "Ku Lani" means "to stand in heaven on earth". Located right on the north shore of Kauai in the Princeville Resort area, this luxury condo is romantic and is truly heavenly.

Situated along the north shore and directly facing the expanse of the Pacific Ocean, the atmosphere is tropical and Polynesian throughout. Immediately as you enter, you'll be blown away by the majestic white water and deep blue ocean views. The spacious living room overlooks the ocean with access to the lanai via a huge 8' wide glass door. You will enjoy top of the line Tommy Bahama and Drexel furnishings throughout. The entertainment center has a large LCD TV and DVD player in the living room where there is ample seating.

The views are inescapable. Even from the dining area you can enjoy the stunning views. The kitchen is well equipped and has an island ("moku" in Hawaiian) where there is additional seating for dining or that quick breakfast before you hit the beach. There are also great mountain views from the kitchen and from the dining room.

Straight ahead is a well-lit huge master suite furnished with a beautiful Tommy Bahama California King Bedroom set. There is also additional seating under the oversized 8' window facing the ocean where you and your guests can sit or recline with a 180 degree ocean view as you listen to the beautiful surf, whale watch, and enjoy all that is Kauai. Read or just relax in comfort for hours. From both the Cal King Bed or from the sitting area in the master suite you will see whales playing and jumping from November to April. The master suite also boasts a private wine serving cart equipped with everything you need – ideal for the perfect romantic evening. There is a huge walk-in closet, a private master bath, your own TV, and also a desk area with wireless internet for catching up on email or sending your friends and family amazing pictures of this "heaven on earth".

Heading back toward the main living area, you will find the 2nd bathroom along with the 2nd bedroom which also faces the ocean – also with 180 degree ocean views. You cannot escape the spectacular ocean views from inside Ku Lani. This 2nd bedroom has a queen sized bed.

You will probably spend a lot of your time outside on your private 15 foot wide lanai where you can have dinner or just sit and relax outside and take in the breathtaking white water surf and expansive blue water ocean views. There is a swimming pool to enjoy all day long if you like. Some of the best snorkeling on the island is right in front of Ku Lani. There you will find a sea cave with a small sand beach and normally a calm mini-lagoon right in front of the sea cave – extremely private and very romantic. From in front of the sea cave if you look to the east along the shoreline most months there will be a small waterfall you can play in. All of this is just outside Ku Lani's door. As you face the ocean, go to the left and follow the marked path down to the ocean. There you will find all of this and snorkeling like you cannot imagine including a pod of sea turtles living there. Pay attention to warning signs, and be careful of the surf - especially during winter months. Winter waves can get 25' or higher. Spring, Summer and Fall months are best for snorkeling. Never turn your back on the ocean any time of the year.

Very few vacation properties qualify as "heaven on earth", but the beautifully decorated "Ku Lani" is indeed one of them. This property is just an amazing Hawaiian living experience. Come and spend a week or two and enjoy the best Kauai has to offer. This is one of the quietest, most relaxing properties on the island with amazing, majestic ocean views. Do you hear the surf and gentle trade breeze calling? Enjoy.
